Tablet System Integration

The Edge Connect is currently being installed in every unit of the fleet to advance the performance and safety of our drivers. These tablets are replacing the present Qualcomm system.
All installations will be scheduled by your Fleet Manager and done at select Werner terminals. While at the terminal, you will also attend a 1-2 hour introductory orientation class before use.
If you have any questions ,please reach out to your Eagle Driver Liaison.

Road to Success

As part of Eagle's new Career Track Training, we are excited to announce we have purchased a new training simulator! This will now be part of the EST program as well as our Orientation process. We are happy to have this tool available at our Tucson terminal to new incoming drivers starting in August!

In Loving Memory

The entire Eagle family mourns the loss of our Co-Founder, Joe McGhee. Eagle driver Doug Hartman said it best:
Joe, the long haul is complete, job well done. Park your truck and rest in peace.

SUMMER TIRE TIPS

With warmer weather upon us, please make sure that you are properly checking tire pressure. Under inflated tires will wear out faster and can also cause damage to the adjacent tire. Being proactive now can decrease your downtime due to road calls and breakdowns later.

TO HELP YOU STAY SAFE AND HEALTHY DURING THIS TIME OF COVID-19, WE HAVE PAIRS OF GLOVES, DISINFECTING SPRAY, AND HAND SANITIZER AVAILABLE! PICK UP A CARE PACKAGE THE NEXT TIME YOU VISIT OUR TUCSON AND PHOENIX TERMINALS!

Driver Liason Brian Wagner poses with his drivers, March contest winner Kevin Nelson (above) and April contest winner Michael Garcia (below) with their new TVs! Congratulations and thank you for all you do!

June Driver of the Month
Carlos Atayde

Carlos was a runner up in our April contest for working all month long, and hasn't taken much time off since! Carlos has a strong work ethic and hits his production goal every month!

Keep up the amazing work Carlos! We greatly appreciate you!
