

WERNER

Fuel Stop Guide

Revision 18.11

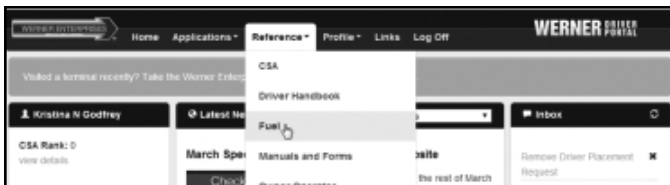

Fuel Department Phone Number: 866.902.3896

(Additional department phone numbers are on page 1)

Emergency Fuel (off network)

No fuel is to be purchased outside the Werner Enterprises fuel stop network until the purchase is authorized by the Fuel Department call center at 866.902.3896. To avoid fueling delays, plan your fueling well in advance.

For your convenience, you can access Fuel Stops via the Driver Portal

- Find an electronic copy of the Fuel Stop Guide on the Toolbar under References and select Fuel.

- Locate an interactive map by clicking on the Fuel Finder icon on the lower left side of your home page.

- Access a copy of the Fuel Stop Guide on the Qualcomm MCP200 by selecting the Media Manager and then the Fuel Directory.

Points to Help Your Fueling Procedure Go Smoothly

- **Fuel Card and Network Fuel Stop Information** - Before you leave the terminal, make sure you have a **Werner Enterprises/EFS fuel card** and are aware of how to access **Werner Enterprise's Fuel Stop Guide** on the driver portal, Qualcomm, and/or Werner phone App.
- **Werner Mobile APP – “DRIVE WERNER APP”** – displays the current Werner network fueling locations. Filter the map down to just fueling locations, to prevent being confused by other available selections, such as CAT scales, terminals, truck washes, or drop yards; which are available on the APP.
- **Fuel Stop Guide** - Plan your fuel stops before starting your trip. The fuel stop guide includes a list of the truck stops (1) in **order by state and city** with detailed information, (2) in **order by interstate and exit number**, and (3) a list of **Canadian truck stops**. * Truck stops on U.S. highways are located in the state/city list only. A PDF copy of the most current fuel stop guide can be accessed on the Driver Portal on the tool bar under References and select Fuel. Next click on Fuel Guide to view the fuel stop guide. You can also access a copy of the fuel stop guide on the Qualcomm MCP200 by selecting Media Manager and then the Fuel guide.
- **Where To Fuel** - The Werner Enterprises/EFS fuel card will **only work** at truck stops in the Werner Enterprises fuel network. **Check the Werner Enterprises Fuel Stop Network** before fueling. Make sure you are at the right truck stop – **not all Flying J's, TA's, Petro's, Love's or Pilot's** truck stops are Werner Enterprises fuel network. Fuel locations are optimized through the Qualcomm MCP200™ routing message. This program will pick the best-priced fuel stops on your route.
- **Truck Stop Fuel Clerks** - **Never ask truck stop attendants** if Werner Enterprises trucks fuel at their truck stop. They will always say yes, even though Werner Enterprises does not fuel there. Check the Werner Enterprises Fuel Stop Guide or Werner Driver APP.
- **Fuel Card** - The Werner Enterprises **fuel card is assigned to you personally**. If you switch trucks make sure to take the fuel card with you, and the system will automatically switch the new truck number to your fuel card. If you are coming back from a vacation or a leave of absence, you will need to call the Fuel department to activate the fuel card.
- **Sign Fuel Ticket** - **If the fuel card does not turn on the fuel pump** and the attendant turns on the fuel pump, the fueling is no longer a paperless transaction. **You will need to sign the fuel ticket** at the fuel desk before leaving.
- **Emergency Fuel** - **Call to receive permission from the Fuel Call Center before getting Emergency Fuel** (off network). You will need to know the city and state where you are located and the number of miles to the next Werner Enterprises fuel stop in route. The truck stop will need to accept an EFS card or EFS check for Werner Enterprises to pay for the fuel. The Fuel Call Center will only override the fuel card for just enough fuel to get you to the next Werner Enterprises network fuel stop.
- **Cash Fuel Tickets** – **If fuel is purchased with an EFS check or cash, you will need a reimbursement number** from the Fuel Call Center **before** you submit the fuel receipt in your trip envelope to prevent you from being charged for the fuel.
- If you have a question concerning fuel, call the Fuel Call Center at **866.902.3896**. More detailed information is found in this guide. See page 2 for Fuel department hours.
- Scales can now be paid for with the fuel card. Scales can be either paid for at the fuel desk or on the CAT scale APP (see www.weightmytruck.com for set up)

Fuel Department Hours:

The Fuel Call Center is available 24 hours a day, seven days a week for fuel card, truck stop and emergency situations. Whenever possible, emergency questions and situation should be called in Monday through Friday, 8 a.m. to 5 p.m. Central time when more personnel is available. Off-hours personnel answer fuel calls during the other times. Though fueling help is available 24 hours a day, the staffing is smaller during off-hours, and you may find it faster to take care of some non-critical fueling issues during business hours whenever possible. The Fuel Call Center number is 866.902.3896. Planning your trip and fuel stops will save you time.

INTERACTIVE FUEL STOP MAP ON DRIVER PORTAL

There is an interactive fuel map available on the driver portal. Once you login, you will find the "IMap Fuel Finder" which is an interactive map that shows all of Werner's network truck stops. You can size the map and click on any truck stop to the detailed information. Under the detail tab you will see the address phone number, fax number, parking stalls, showers, shop maintenance availability and directions. If you click on the Rating tab you can rate the truck stop on the areas of cleanliness, congestion, fuel desk employees, adequate parking, food service, convenience store, how safe do you feel, and maintenance.

WERNER MOBILE APP – FUEL GUIDE – “DRIVE WERNER APP”

The Werner network fueling locations are available on Werner's mobile APP under the maps section. Filter the map down to just Werner's network fuel stop, so you don't confuse fueling locations with other selections, such as CAT scales, terminal locations, truck washes, or drop yards that will show on map if not filtered down.

ELECTRONIC FUEL GUIDE

A PDF copy of the most current printed Werner fuel stop guide can be accessed on the Driver Portal on the tool bar under References and select Fuel. You can also access a copy of the Werner fuel stop guide on the Qualcomm MCP200 by selecting Media Manager and then the Fuel Guide.

WHERE CAN COMPANY DRIVERS PURCHASE FUEL?

Answer – The fuel optimization message, the fuel map on the driver APP, and the Werner Enterprises Fuel Stop Guide will help you find authorized fuel stops. Werner Enterprises maintains a select number of truck stops in its fuel network. These authorized Werner Enterprises fuel stops are listed in the Werner Enterprises fuel stop guide and the driver APP. The fuel card will not authorize a fuel purchase at a truck stop that is not optimized or listed in the fuel guide. Don't let Owner Operator trucks, which many look like Company trucks, confuse you as to where you can fuel. Owner Operators pay for their own fuel and can fuel where they wish - Company drivers **CANNOT**. Do not depend on asking truck stop clerks if Werner Enterprises fuels at their truck stop – they will always say yes.

EMERGENCY (OFF NETWORK) FUEL

Always plan your trips, which will include planning fuel stops, before beginning the trip. Use Werner Enterprises network of fuel stops to help keep emergency fuel stops to a minimum. The Fuel department and off-business-hours personnel have small staffs, which limits the number of calls that can be handled. If you run into a situation where you need emergency fuel (**off Network**):

- You must call the Fuel Call Center at 866.902.3896 for approval before fueling. The Fuel Call Center will approve only enough fuel to travel to the next Werner Enterprises fuel stop in your route.
- When you call know:
 - the city and state you are in
 - the number of miles to the next Werner Enterprises fuel stop
 - if the truck stop accepts an EFS card (only way Werner Enterprises can pay for the fuel)
- The Fuel Call Center will turn on your fuel card for the amount of gallons you will need to get to the next Werner Enterprises network fuel stop.
- If you must pay cash for the fuel, you still must have prior approval from the Fuel Call Center before fueling. Call the Fuel Call Center back during business hours to obtain a reimbursement number to ensure you will be reimbursed for the fuel amount. The reimbursement number must be written on the fuel ticket, and the cost amount must be written on the trip envelope under emergency fuel.

SELF-SERVICE FUEL - You are required to use self-service Ultra Low Sulfur Diesel fuel, and it's your responsibility that the fuel is properly dispensed into the fuel tanks.

NON-HIGHWAY DIESEL FUEL – non-highway diesel fuel (red in color) is not to be used as truck diesel fuel. Using this fuel for highway use is subject to civil penalties and fines.

DRIVER FUEL CARDS

You must have a Werner Enterprises/EFS fuel card to fuel. The fuel card can be used only to purchase diesel fuel for the truck and reefer, for DEF (diesel exhaust fluid), and scales. There are a number of policy setups for Werner Enterprises/EFS fuel cards, which include:

- Policy One - for Company and Net Op drivers limited to the Werner Enterprises truck stop network.
- Policy Two – drivers and office personnel who use yard and special service equipment who limited to Werner Enterprises truck stop network.
- Policy Three - designed for Owner Operators which allows them to fuel at any truck stop that accepts an EFS fuel card.

Werner Enterprises' major truck stop chains (Flying J, TA, Love's, Petro and Pilot) have card readers where the driver will swipe the fuel card and enter required information to activate the pump. You are not required to go to the fuel desk and sign

the fuel ticket as long as the fuel card activates the fuel pump. However, if the card reader is not working or the magnetic strip on the back of the card is bad, and the fuel clerk activates the fuel pump, the fuel transaction is no longer paperless. You must go to the fuel desk and sign the fuel receipt. **The fuel card has a one hour fueling restriction (only one fueling in a one hour period of time).** THE FUEL CARD **CANNOT** BE USED FOR ADD OIL, ADDITIVE, OR TIRE REPAIR. All add oil, tire repair or shop repair must have the purchase order issued from the Road Breakdown department (800.228.0013). Fuel cards are assigned to you personally and travel with you when switching trucks (the system will automatically transfer the new truck unit number to the fuel card)..

DAMAGED FUEL CARDS

If the magnetic strip on the back of the fuel card is damaged and will not scan, you need to replace the card. New fuel cards can be replaced at any terminal, or if you are a dedicated driver, the card can be replaced at the dedicated office.

LOST FUEL CARDS

If you lose the fuel card, it must be reported to the Omaha Fuel Call Center immediately (866.902.3896). You will be responsible for all purchases made on the fuel card, so it is very important to cancel the card if it is lost. Fuel cards can be picked up at the following major terminal locations: Phoenix, AZ; Fontana, CA; Denver, CO; Lakeland, FL; Atlanta, GA; Indianapolis, IN; Omaha, NE; Springfield, OH; Allentown, PA; Dallas, TX, Joliet IL, and Laredo, TX. If dedicated at the dedicated office.

FUEL TICKETS AND FUEL RECEIPTS

You are not required to turn in fuel tickets in the trip envelope unless it is an emergency/cash fuel purchase. Fuel tickets should be destroyed and disposed of properly.

SCALE RECEIPESES

If a scale is paid for with the fuel card, the driver does not need to return the in. However, if the driver pays cash for the scale, the scale receipt will need to be turn in for reimbursement.

OREGON FUEL PURCHASES

When fueling in Oregon you must enter the Oregon Fuel Permit number (labeled RECEIPT NO) at the fuel pump. This number includes your truck's license plate number and NE at the end (example: W11164NE). Drivers that have a temporary Oregon Fuel Permit need to enter the large number at the bottom of the permit with OR at end of the number (example: H9251OR). If you fail to enter numbers and letters correctly, Werner will be charged an additional 30 cents per gallon. If you have questions, please call the fuel dept. at 866-902-3896.

SPECIAL TCU (REEFER) INSTRUCTIONS

You should always fuel TCU's at authorized fuel stops due to better-negotiated fuel prices. However, if a TCU needs fuel, you can call the Fuel Call Center to have the fuel card activated to allow for the purchase of TCU fuel for the reefer (maximum 55 gallons). If you are pulling a reefer that is not a Werner Enterprises trailer, you need to call the fuel department for an authorized trailer number to fuel the reefer.

TRY TO AVOID PURCHASING TCU (REEFER) FUEL IN THE STATES LISTED BELOW

These states do not refund fuel tax for non-highway used fuel (reefer fuel). If you need to purchase reefer fuel in one of these states, purchase only enough to get to a network fuel stop in a state not listed below.

| | |
|---------------------------|---------------|
| Alabama | Mississippi |
| Arkansas | New Hampshire |
| Delaware | Oklahoma |
| Georgia (except terminal) | Oregon |
| Kentucky | Rhode Island |
| Louisiana | South Dakota |
| Massachusetts | Vermont |
| Michigan | Canada |

FUEL AND LOGS

Fueling is considered an on-duty activity, so you will be responsible for changing your duty status to "ON" with the remark "On Duty – Fuel" before exiting the truck to pump fuel. Your time on-duty should always match the time on the fuel receipt and encompass the entire time that you are fueling. Remember to log it as you do it.

REMINDER: Off-Duty Driving or Personal Drive Time may NOT be used to or from a fueling location.

PAPERLESS FUEL TRANSACTIONS

Most truck stop vendors are now doing paperless transactions (Flying J, Petro, Pilot, TA and Love's). The fuel card must activate the pump for the fuel transaction to be paperless. **If the fuel card does not start the pump and the attendant manually starts the fuel pump, you will need to go to the fuel counter after fueling and sign a fuel receipt.**

FOR OWNER OPERATORS ONLY

You can use the Werner Enterprises fuel card to purchase the fuel at any truck stops that accept an EFS fuel card.

Werner Enterprises Fuel Card for Owner Operators:

The Werner Enterprises fuel card can only be used at truck stops that accept the EFS fuel card. When you fuel at a truck stop, it is your responsibility to confirm with the truck stop that the truck stop will accept the fuel card. The fuel card is limited to one fuel purchase every two hours.

Fuel Card Activated and Blocked:

When you initially start, the Fuel department will activate the fuel card. However, if a medical leave, leave of absence or a vacation is taken; the fuel card will be blocked (inactivated). The card will remain inactive (unusable) until you call the Fuel department to arrange for the card to be activated. If you lose your fuel card, it must be reported to the Fuel Call Center immediately. The Fuel Call Center can issue a temporary lost card number to charge the fuel until a new card can be obtained.

Owner Operator Non-EFS Fuel Card Receipts:

Please send all non-Werner Enterprises fuel card purchases (cash, credit card, fuel card other than Werner Enterprises EFS fuel card) in the white, letter sized "Cash Fuel Receipts Envelope," which can be found at all Werner Enterprises terminals and dedicated operation sites. See the driver receptionist at the terminals. Check with your fleet manager at the dedicated operation sites. The original receipts are necessary to correctly calculate your fuel tax true up by state. Please place the receipts in the white envelope. Then, place the envelope inside the trip envelope or directly in the TripPak Express drop box. Do not send the "Cash Fuel" envelope through the U.S. Postal Service. **Please send fuel receipts in weekly!**

Cash TCU Fuel for Owner Operators:

If you pay cash for TCU fuel, it must be called into the Fuel Call Center during business hours for an authorization number if you wish to be reimbursed for the fuel.

COLD WEATHER GUIDELINES

For Cold Weather Guidelines see maintenance department winter guidelines. This guidelines are available on the Werner mobile APP.

Trip Envelopes

You have 4 options for submitting trip envelopes to payroll:

TripPak Express Trip Drop Boxes at Truck Stops:

- Procedures to follow:
 - Trip envelopes must be completed and sealed.
 - Drop the envelope into any TripPak Express drop box (yellow and black boxes). Pickup times are clearly marked on the front of the boxes. Envelopes must be dropped before the pickup time or they will not be picked up until the next business day. The clerk at the fuel desk can help you find the drop box.
 - You do not have to place your envelope inside another envelope. Simply place it directly into the TripPak Express box.
 - Please DO NOT staple, tape, or glue trip envelopes together.
 - UPS will pick up Monday through Friday. There are no pickups on Saturday, Sunday, or major nationally recognized holidays). If a holiday falls on a weekday, the box will be picked up the next business day.
- Although the TripPak Express drop box network uses UPS overnight service, there is no guarantee of a next day delivery. Unexpected delays cannot be foreseen, so it is important to drop envelopes after each trip.

Terminal/Dedicated On-Site Scanning

- All terminals and many of the large dedicated operations have on-site scanners. You can scan your envelope and paperwork on the Transflo computer and send it directly to Transflo for processing.

Drive Werner Mobile App

- Download the free Drive Werner APP to your smartphone or tablet from your app store.

Guidelines for Scanning and Mobile App:

- Cutoff for terminal scanning and APP scanning is 2 pm Central Time Tuesday.
- You will receive a confirmation code (16 digits) that you can use to confirm the receipt of your documents by Transflo by viewing them online or on your mobile device.
- Do not send anything without an envelope. Even if you are only turning in a receipt to be reimbursed it must have an envelope so we know who it came from and what trip it belongs to.
- DO NOT press send until all documents are captured. Make sure you capture your envelope and ALL paperwork BEFORE you press send. DO NOT press send after each document. Your paperwork will be separated from your

envelope if you press send before capturing all images and this could result in delayed or no payment if payroll cannot identify your paperwork.

- If you have any papers that are double sided you need to capture BOTH sides. Scan the front, then put the paper back through the scanner to scan the back. This includes anything that may be stamped or that has a sticker on the back side of a paper.
- Check your images before you send. Make sure everything is captured and is legible and do not combine paperwork for one scan – take separate picture scans.
- Keep your paperwork for 30 days. Werner needs to make sure your images are good and we have everything needed for the customer before you destroy any paperwork AND you need to make sure you get paid.

If you have any questions or need help scanning, please contact the Werner APP support 800.641.0600 or Email: WernerTS@Werner.com, and for Transflo via phone at [1.877.435.7876](tel:1.877.435.7876) or via email at support@Transflo.com,

DRIVER SHOWERS

Each fuel stop has a different policy regarding the cost of showers for Werner Enterprises drivers. Most of the network truck stops have a free shower with the purchase of 60 gallons of fuel (if you are a team or trainer let the shower attendant know there are two of you). A few stops will charge a small fee even if you fuel. When you go to the counter to inquire about a shower, always identify yourself as a Werner Enterprises driver. You will usually get a better rate than other company drivers. If you feel a truck stop is not providing you with an adequate shower policy, ask for the manager; then, record your complaint on the truck stop survey sheet at the back of this guide and send it to the fuel department.

CHAIN BANK DEPARTMENT POLICY

Please pick up a current chain bank information packet at any full-service terminal. Truck stops that are part of the chain bank during the chain season (Oct.15 to April 15).

QUESTIONS

If you have any questions about fueling, feel free to call the Fuel Call Center at 800.902.3896 during regular business hours Monday through Friday 8 a.m. to 5 p.m. Central Time regarding fueling procedures.

Do to the limited number of truck stops that accept an EFS / Werner Enterprises fuel card in Canada, you should carefully plan your fuel stops in Canada. Below is a list of truck stops that will accept the EFS fuel card as of the published date of this fuel book. Before fueling you should always check with the truck stop attendant to insure they will accept the EFS/Werner Enterprises fuel card. Call the fuel department at 866-902-3896 if you have any questions.

* QEW - QUEEN ELIZABETH WAY // TCH - TRANS CANADA HIGHWAY

** Keystops are part of the cardlock network

** (some Keystop Flying J are unattended card-lock locations and your fuel card must be in working order to activate pump)

ON-THE-ROAD WASH LOCATIONS FOR COMPANY TRUCKS

Each driver may have his or her unit washed once every 30 days, with fleet managers approval at one of the charge truck washes locations listed below. The driver must request a wash P.O. number from his or her fleet manager before washing. The driver must give the wash attendant the P.O. number and the phone number for your fleet manager. No other washing services are allowed.
